NORTHEAST COLORADO HEALTH DEPARTMENT

JOB TITLE: COMMUNITY HEALTH SPECIALIST-ORAL PROGRAM **Updated: 4/8/21**
Full Time, Non-Exempt

GENERAL STATEMENT OF DUTIES:

A Community Health Specialist oversees a dynamic community-based program at Northeast Colorado Health Department that relates to chronic disease prevention focusing on oral health, across 9,200 square miles in northeast Colorado.

SUPERVISOR:

Health Promotion and Prevention Manager

PRIMARY DUTIES:

Any one position may not include all of the duties listed, nor do the listed examples include all tasks which may be found in positions of this class. The Northeast Colorado Health Department retains the right to modify or change the duties or essential and additional functions of the job at any time.

The Community Health Specialist will be the leader for the chronic disease prevention program focusing on oral health, in the Health Promotion and Prevention Department at Northeast Colorado Health Department. This role will make an impact at NCHD and in the community through the following activities:

- Strategically collaborates on program goals with community partners (youth, healthcare, law enforcement, public education, elected officials, etc.)
- Participates in the timely completion of applicable grant progress reports and other documentation as required. Will complete quarterly reporting for assigned programs.
- Collaborates with the Health Promotion and Prevention team on data collection and other evaluation-related activities.
- Performs effective public speaking to groups of varied interests and backgrounds; develop and deliver informative and persuasive presentations.
- Oversees program budget.
- Liaisons between Northeast Colorado Health Department and funder.
- Develops and implements promotional strategies for assigned programs.
- Conducts outreach, training, and assistance to community partners regarding assigned community health program(s) and NCHD services.
- Builds a regional coalition on assigned health topic(s) to build engagement for chronic disease prevention efforts.

700 Columbine St., Sterling, CO 80751 - (970) 522-3741 - 877-795-0646 - www.nchd.org

QUALIFICATIONS

A successful Community Health Specialist will have the following traits and abilities:

- Knowledge and experience with prevention programs, specifically related to public health practice. This may include experience with prevention program development, implementation, and evaluation. Specific experience in oral health is preferred.
- Strong work ethic and passion for community health.
- Excellent computer skills, including Microsoft Office, word processing, spreadsheets, databases; be able to demonstrate considerable knowledge of grammar, spelling and punctuation; be able to demonstrate a working knowledge of office practices and procedures; ability to follow written and oral instructions; ability to make simple mathematical computations.
- Ability to communicate effectively, both verbally and in writing, to make informative, educational, and persuasive presentations internally and externally.
- Knowledge of principles and practices of coalition building and developing community partnerships.
- Dedicated to professional growth through participating in training on best practices, evidence based practices, policies, and procedures in assigned programs.
- An associate's or bachelor's degree from an accredited college or university in public health, human services, behavioral health, wellness, health care management, grants management, public administration, business administration or related field preferred, but not required. Experience can be substituted for higher education.
- 2 years of experience in public health, human services, behavioral health, wellness, health care management, grants management, public administration, business administration or related field preferred. Experience can include volunteer or internship experience.
- Must possess a valid driver's license and have access to dependable transportation readily available for business use.
